available in 4", 6", 8" letter heights

Transparent letter with silk screened black background

Gemini Pronto Changeable Letters are made from an injection molded precision blank. Each panel is molded with a small raised edge on the backside of the letter that prevents the screen-printed ink from being scratched off as the letters are moved in and out of the letter tracks. The molded-in feet keep debris (and in colder climates, ice) from interfering with the placement of the changeable copy message.

Note: these letters should not be installed in any enclosed or in any sealed vandal proof cover as warping may occur.

Colours

also available: Pronto Change Arm with Head Assembly.

also available: Pronto Letter Storage Cabinets. (stores approx. 300 letters)

also available: acrylic letter tracks/rails in 8', 10' or 12' lengths.
